Houghton Mifflin Harcourt School Publisher	HSP MATH KINDERGARTEN Student Edition	Maletsky, et.al	2009	K	978-0-15-341258-5	100% NCTM = 78%
	Key Features: Research based Pre K-6 mathematics program. It provides teachers the flexibility to customize the program for state and local courses of study. The program was designed to build conceptual understanding, skill proficiency, problem solving facility, and logical reasoning. Instruction begins with clear visual representations and concrete experiences, moves to guided practice, and then provides appropriate independent practice to develop proficiency and apply concepts to problem solving.

Houghton Mifflin Harcourt School Publisher	HSP MATH Student Edition	Maletsky, et.al	2009	5	978-0-15-341263-9	97% NCTM = 78%
	Key Features: Research based Pre K-6 mathematics program. It provides teachers the flexibility to customize the program for state and local courses of study. The program was designed to build conceptual understanding, skill proficiency, problem solving facility, and logical reasoning. Instruction begins with clear visual representations and concrete experiences, moves to guided practice, and then provides appropriate independent practice to develop proficiency and apply concepts to problem solving.

Wright Group / McGraw-Hill	Everyday Mathematics, Third Edition Pre-K Classroom Resource Package (main component) includes:	Andy Isaacs, Amy Dillard, James McBride, and Max Bell, The University of Chicago School Mathematics Project	2007	Pre-K	9780076045181	NCTM = 56%
	Note: No pre-K standards. Key Features: PreK-6 core mathematics program, developed by the University of Chicago School Mathematics Project in order to enable children in elementary grades to learn more mathematical content and become lifelong mathematical thinkers. Everyday Mathematics sets the standard for success with: Over 20 years of research and development. Results unequalled by any other program. Differentiated instruction and materials to meet a wider range of teacher and student needs. An easy-to-use Teacher's Lesson Guide with built-in support for instruction. Assessment that informs instruction and measures growth and achievement. Online technology support for both teacher and student.
